

## **APPLICATION FOR TEACHING RESOURCE GRANTS**

**DEADLINES: August 1<sup>st</sup>  
November 15<sup>th</sup>**

The goal of this grant is to support female faculty members in their mission to provide meaningful scientific demonstrations and research experiences to students within the classroom, independent studies or honor projects. For all awardees of this grant, there is an expectation that they will write a protocol for the experiment/demonstration which will include the experimental question or goal, the materials and methods required, and the outcome, to be submitted at the end of the semester. This will be posted on the WISE website so that we may create a repository of “Experiments in a Box,” ideas that may be shared with other STEM faculty members for teaching. All awardees will also be invited to an informal year-end reception in which they will be asked to present the project in the form of a poster.

Instructions for submission: Please submit one complete electronic copy (in a single pdf file) to [wandmwise@gmail.com](mailto:wandmwise@gmail.com). The application will consist of (1) the cover sheet (page 2 of this document), (2) a one page proposal describing the scientific activity to be used for teaching either in the classroom or for advising independent studies students or honors students (3) a detailed budget not to exceed \$750 for equipment, supplies, and expenses. Any questions may directed to Pam Hunt ([pshunt@wm.edu](mailto:pshunt@wm.edu)), or Cathy Forestell ([caforestell@wm.edu](mailto:caforestell@wm.edu)).

Eligibility: This grant is intended for those who do not have access to discretionary funds or departmental teaching resources that will support the proposed project or demonstration.

Failure to follow instructions may result in an unsuccessful application. Any information in the application that is found to be inaccurate will cause the application to be removed from consideration.

# COVER SHEET FOR TEACHING RESOURCE GRANTS

Please provide the following information, typed and in the spaces provided, on this cover page.

1. Name of Applicant \_\_\_\_\_
2. Position \_\_\_\_\_
3. Institution \_\_\_\_\_
4. Department/school \_\_\_\_\_
5. School Address \_\_\_\_\_  
\_\_\_\_\_
6. E-mail \_\_\_\_\_, Phone \_\_\_\_\_, Fax \_\_\_\_\_
7. Project title \_\_\_\_\_
8. Have you received any form of WISE funding in the past? Yes \_\_\_\_ No \_\_\_\_
  - a. Which grant did you receive? \_\_\_\_\_
  - b. What was the total amount of the award? \_\_\_\_\_
